## Work-Study Form

This application form is for work-study assistance for classes at DFAAS. The term of this assistance is 6 months, at which time a new application for work-study must be provided to DFAAS. The work-study student will work 4 hours (on work assigned by DFAAS that supports the studio) in exchange for a reduced price of \$35 for a four-class punch card. Once beginning classes and purchasing the half-priced 4-class punch card, the work-study student must complete at least two hours of work-study prior to attending her/his third class. The work-study assignments and schedule will be worked out between a DFAAS instructor and the student.
